The Honorable Blaine Luetkemeyer Ranking Member House Small Business Committee Washington, DC 20515

Dear Senators Cardin, Collins and Shaheen and Representatives Velazquez, Luetkemeyer, Bourdeaux and Kim:

The undersigned organizations are writing to thank you for your bicameral leadership and swift bipartisan action to provide relief to America's small businesses through this economic emergency. We strongly support the *PPP Extension Act of 2021*, which will extend the Small Business Administration's (SBA) Paycheck Protection Program (PPP) application period beyond the March 31, 2021 sunset date.

While we realize the Small Business Administration (SBA) is under tremendous time constraints and is struggling with internal resource issues, our members are highly concerned by the lack of progress on major Paycheck Protection Program (PPP) processing issues, including hold/error codes and application rejections due to Taxpayer Identification Number ("TIN") issues or mismatches, in addition to many unresolved technical problems with the current PPP process. These delays and denials may put many applicants in danger of not making the March 31st authorization deadline.

Nearly one year into the COVID-19 pandemic, the continued liquidity challenges of the small business sector are acute, especially for those business limited by dramatic capacity restrictions and other critical health and safety protocols in place to protect the public, consumers and workers from COVID-19. Thank you for extending the window of opportunity for pandemic programs to effectively impact the affected small business sector, especially those traditionally under-invested and underserved groups which must also be given the chance to succeed.

We stand ready to work with you during this critical moment, and thank you for considering our views.

Sincerely,
